

REMARKS/ARGUMENTS

This is supplemental to the Notice of Allowability. In the Notice of Allowability, the Examiner had included an Examiner's amendment to claim 1. Upon reading the Examiner's amendment, the Applicant noted that the claim as amended by the Examiner did not comprise a complete sentence. In the discussion with the Examiner, the Applicant had provided draft claim language in which the position of the moisture control strip was specified. The Applicant notes that this language was omitted from the Examiner's amendment. Accordingly, the Applicant submits that claim 1 be amended as set out herein. By this amendment, the Applicant would include the position of the moisture control strip and result in the claim comprising a complete sentence.

Favourable consideration of this amendment to the language of claim 1 subsequent to the issuance of the Notice of Allowance is respectfully requested.

Respectfully submitted,
